Professional Summary

Associate Product Manager with 2+ years of experience driving AI-powered SaaS products. Skilled in generative AI, LLM evaluation, Vibe Coding, and Content Engineering. Proficient in integrating APIs, orchestrating data pipelines, and collaborating with data science, engineering, and UX teams to deliver AI/ML features, automated workflows, and data-driven product strategies that enhance customer engagement, retention, and revenue growth.

BS Chemistry, IIT Bombay

Graduated: 2023

Work Experience

KAS Global Commerce Inc -Associate Product Manager

Mar 2024 – Present

Led end-to-end product strategy, AI/ML capabilities, marketplace integrations, and drove user growth and revenue scaling.

Platform & Data Integration

- Integrated 10+ major marketplace APIs (like Amazon, Shopify, Walmart, ONDC) enabling seamless data synchronization, unifying access across platforms — increasing user adoption by 30%, and doubling product stickiness.
- Launched Chrome extension with integrated features, increasing feature access by 50% & increasing activation by 30%.
- Owned end-to-end integration of Amazon Ads (Campaign API + Reporting API + Amazon Marketing Stream via SQS), building a fully automated campaign management and live performance insights system from scratch.

AI & Technical Product Management

- Delivered 9+ GenAI features across multiple marketplaces, leading ML model evaluation, scalable pipeline design, and production deployment — driving a 50% increase in AI-led upsell revenue.
- Designed & deployed multi-LLM smart routing engine with internal evaluation pipelines, benchmarking quality vs latency & enabling real-time model switching, reducing AI inference costs by 35%, improving response latency by 25%.
- Built working prototypes and functional POCs using AI and automation tools (ChatGPT, Claude, NotebookLM for research, Cursor and Lovable for prototyping, Google AI Studio), and collaborated with engineering, AI, and business teams to validate concepts, align on implementation, and accelerate UX decisions—reducing iteration time by 60%.

Product Strategy & Growth

- Revamped onboarding UX and automated data imports, cutting time-to-first-value by 70%, increasing activation by 20%, and accelerating core feature adoption and user expansion.
- Redesigned pricing strategy with usage-based tiers and launched a self-serve friction analytics dashboard, driving a 50% increase in paid conversions, enabling scalable revenue growth, and fueling rapid experimentation for data-led product decisions.

Erodge Inc -Associate Product Manager

Apr 2023 – Feb 2024

Defined product roadmap and led API + UX revamps to improve SaaS workflows for multi-channel e-commerce users.

- Ideated & spearheaded 10+ product enhancements that improved user adoption by 20% and enabled multiple teams to efficiently analyze data of 15K+ SKUs from 15+ marketplaces, saving 40+ manual hours weekly.
- Implemented Hotjar to gather detailed user behavior insights, conducted in-depth analysis, and led UI/UX and information architecture revamp, simplifying complex workflows and significantly boosting ease of use by 33%.
- Ideated & implemented customized alerts and notifications to proactively reduce ad spend wastage on Amazon Ads.
- Integrated SP API & Amazon Ads API to automate sales data workflows and collaborated with business teams to revamp the Amazon Ads dashboard, reducing manual effort and saving 20+ hours weekly across multiple teams.

Skills

Product Management	Product Roadmap & Strategy, API Integrations, Agile Methodologies, Pricing Strategy, Stakeholder Management, Experimentation, A/B Testing	
AI/ML Tech Stack	Generative AI, LLM Evaluation, Model Benchmarking, Content Engineering, Vibe Coding, Prompt Engineering. Tools: ChatGPT, Claude, NotebookLM, Cursor, Claude Code, GitHub Copilot, Lovable, v0, Bolt, Google AI Studio	
Analytics & Research	Mixpanel, Amplitude, Hotjar, Jupyter Notebook, Google NotebookLM, User Research, Data Synthesis, Behavioral Analytics	
Technical Tools & Languages	SQL, Jira, Google Analytics, Postman, DBeaver, Confluence, Figma	
Growth/Marketing	SEO, Customer Acquisition, Growth Hacking, Behavioral Data Analysis	

Awards & Extracurriculars

IIT Bombay Institute Hockey Team — Competed at the 52nd Inter-IIT Sports Meet (IIT Kharagpur)
Captain, Hostel Hockey Team — Led squad to finals at IIT Bombay General Sports Championship
Captain, School Hockey Team — Secured Silver Medal at East-Zone Hockey Championship (2017)
